PROFESSIONAL SUMMARY

UI/UX Designer with over 1 year 8 months of professional experience in visual design, front-end implementation, and user-centred thinking. Recently completed an Executive Post Graduate Certification in UI UX Design from IIT Roorkee, with project work spanning user research planning, heuristic evaluation, style guides, component design, and Figma prototyping. Looking to transition fully into UX/UI design and user research roles — applying structured research methods, usability principles, and interaction design to create products that genuinely work for people.

SKILLS

Category	Tools & Technologies
Design Tools	Figma, Adobe Photoshop, Adobe Illustrator, Balsamiq, Pencil
Front-End	HTML5, CSS3, Bootstrap, jQuery, JavaScript, AngularJS
